

Freezing Racks

“Strength. Compatibility. Reliability”

Precision engineered and Designed for usage across Global Biofreezing Systems

Key Features:

- ❖ Holds 175 French Mini Straws (0.25 cc capacity)
- ❖ Stackable Design – Optimized for vapour flow and freezing efficiency
- ❖ SS 304 Stainless Steel – High durability & corrosion resistance
- ❖ Compatible with Accuvance Controlled Rate Freezer and all Biofreezers globally
- ❖ Performs flawlessly in extreme cryogenic environments (Liquid Nitrogen)
- ❖ Reusable and Rugged – Built for high-volume lab workflows

Ideal For:

- ✓ Bovine Semen Freezing
- ✓ Cryopreservation Labs
- ✓ Veterinary Reproductive Science Labs
